To Whom It May Concern,

Countermeasures Against Counterfeit Products on Global Market

The core business of KITZ Group is valve business. We are dedicated to diversifying its range of valves in terms of materials, appearance and size. KITZ Group manufactures and sells valves for the control of fluids around the world in various pipe lines related to daily life such as water and sewer systems, distribution networks of hot water and natural gas, and air-conditioner, or related to industrial processes regarding oil refining, chemicals, pharmaceuticals and foods.

KITZ Group is currently implementing the countermeasures against counterfeit products on global market. The inferior counterfeit products may cause the leakage of high temperature / hyperbaric fluid and chemicals, endangering the safety of operators, or may cause the shutting down of the plant due to replacement with the genuine products, by which the users' business will be seriously damaged. Furthermore, the trade of inferior counterfeit products not only brings material impact to the sale of genuine products, but also causes serious damage to KITZ brand and the enterprise value. In order to protect its intellectual property rights, KITZ Group will take various countermeasures, including legal actions, with the cooperation of the relevant government authorities.

ASEAN market is the prioritized market for KITZ Group and the anti-counterfeit countermeasures are continuously strengthened by KITZ CORPORATION and the following KITZ Group companies.

The Statement Against Counterfeit Products

Since the establishment in 1951, KITZ CORPORATION, as the general manufacturer of fluid control device valves, has been offering various products and services to a wide range of customers, gaining high appreciation from its users. For the last several decades, KITZ has been dedicating to product development and market exploiting, aiming at improving the customer satisfaction. In 2004, KITZ took over the TOYO VALVE CO., LTD., and changed the latter to its subsidiary corporation , and in 2025, KITZ absorbed the corporation. KITZ CORPORATION and its group have been dealing with the sales and marketing of not only 'KITZ' brand, but also 'TOYO' brand.

In ASEAN market, KITZ Corporation of Asia Pacific Pte. Ltd., as the wholly owned subsidiary of KITZ CORPORATION, its subsidiaries and representative offices have been fully authorized to deal with the sale and marketing activities of 'KITZ' and 'TOYO' brand. And we KITZ CORPORATION hereby state that KITZ Group ensure taking countermeasures to eradicate the counterfeit products or similar inferior products for the interest of our customers.
